**Name:** _____ **Date:** _____

Attach some photos of yourself and one or both of your parents to this sheet in the space provided. Label them to show similar characteristics, then answer the questions below.

Attach photos and label them here:

1. If you have looked at the similar characteristics you have inherited from both of your parents, write down which characteristics you think you have inherited from each parent shown above:

Mother _____

Father _____

2. In what ways does your appearance vary from that of your parent(s)? Describe some of your *unique* characteristics:

_____

_____

3. Can you think of some characteristics you have that are **not inherited**? You have some characteristics that have developed over time because of the way you are raised by your parents, the food that you eat and many other factors. Describe some characteristics that you think are **not inherited**, suggesting what factors may be responsible.
