

CORSHAM REGIS PRIMARY ACADEMY

Together Everyone Achieves More

Coming up next week:

Wednesday:

Book Fair 3:15pm

Thursday:

Book Fair 3:15pm

Friday:

Book Fair 3:15pm

Dear Parents and Carers

It's been a fabulous week at Corsham Regis for our pupils!

In Monday's assembly we were treated to a highly entertaining performance from the Corsham Wind Band. They were brilliant and it was lovely to see one of our ex-pupils, Lenny, playing such a key part.

On Tuesday we had a great turn out of 'special' people who were able to spend time with children at our Someone Special Morning. We had some really positive feedback and appreciate your attendance, although we do understand that not everyone is able to attend due to work commitments. Hopefully we'll see even more of you at our Someone Special Christmas themed afternoon in December.

Mr Gareth Spicer, Headteacher.

Attendance:

This week **Crystal Class** had the highest attendance with **99%**

Attendance overall is **96.26%**

Which fraction is bigger? Pupils and family members comparing fractions in **Crystal Class**. We love Mathematics!

What are you reading with your child this week?

Mrs Doe, Reading Leader

Corsham Wind Band performing to the school on Monday. They were excellent!

During Someone Special Morning, pupils in **Garnet Class** learned about their new Science topic, Rocks, through a combination of English and art. Molten is the word of the week and it was great to hear how well the children are able to use it.

Pupils in **Opal Class** have been having a great time planning their alternative versions of The 3 Little Pigs. Their story maps are fab!

Pupils and parents learning English grammar together in **Amethyst Class** during our Someone Special Morning.

Our (Wildly Important Goal)

WIG for Year 6 is **58%**

This is the percentage of pupils who must achieve the expected standard in Reading, Writing and Maths in July 2020

Pupils in **Jade Class** are loving their learning! Counting is very much on the agenda this week. Keep up the great work!

Any other business:

In the coming weeks, a PhD student from the University of Bath will be visiting Corsham Regis to observe children's physical activity levels within a school day.

Personal information about pupils will not be collected during these. The information will feed into a research project looking at ways to encourage physical activity in primary school children.

If you have any queries, please contact Mr Spicer.

Special visitors and pupils in **Onyx Class** getting prepped for their Mathematics learning.
