Onyx Class rock!

Pupils in Onyx have been learning about different rock types and drawing them following their careful observations.

Who doesn't love science!?

Crystal Class certainly do!

This week they have been very busy investigating and experimenting what happens when you mix certain ingredients together and then try to separate them again.

This week pupils in **Garnet Class** were out improving their hockey skills with coaching from our Up and Under Teacher, Mr Peters and Miss Londors. They are making such good progress!

As part of their learning about materials, pupils in **Opal Class** have produced some super writing explaining what things are made out of.

Our (Wildly Important Goal) WIG for Year 6 is

58%

This is the percentage of pupils who must achieve the expected standard in Reading, Writing and Maths in July 2020
