We are all missing different aspects of our life. It might be family, friends, school, routine, sports, clubs, days out... Sometimes it helps to write things down. Write down a few things you miss. Think about what you're most looking forward to doing once it is safe. E.g. I miss hugging people, I miss going for a cappuccino on a Saturday with my husband after we have done the shopping. I am looking forward to meeting up with my friends and to going camping-hopefully in the summer but, if not, in the autumn. If you haven't already talked about this with your family, find a good time to share and ask them about what they are missing and looking forward to.</p>
