

**A BIG welcome to Jade Class
from Mrs Stone, Mrs Di Pisa and Mrs Gingell**

Our question for the summer term 5 is 'What happened before I was born?' We will be starting our learning with meeting Bob, the Man on the moon. We will find out about Bob's day and ask some questions about what they would like to find out about the moon. We will then research the first moon landing and explore what that meant to us as a nation. How did we watch this spectacular event and how was this similar to other nations around the world? We will also be designing and creating our own spacesuits, rockets, and moon small worlds for ourselves.

Now it is the summer term it is our job to get the children ready for the real world of Year 1! We will be doing this by having more focused early morning tasks, where children will sit at a table with a focused job to do (please support us with this). We will also be raising the expectation of what the children can achieve.

How you can support your child's learning at home?

Please read a story to your child every day and either practise their sounds or ask them to read their school reading book to you daily. Please keep practicing letter formation and counting forwards and backwards to 20 with your child. Also try and complete as much learning as possible set for your child in these unprecedented times. It will help them in the long run.

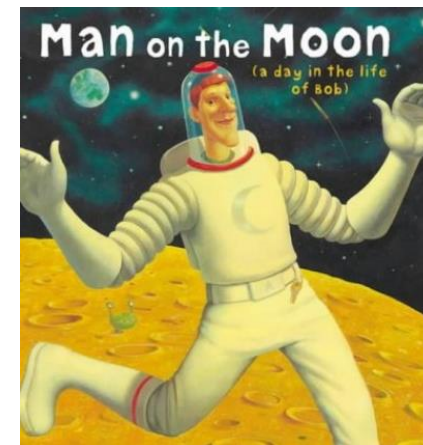

Our PE days this term will be on a Tuesday and Thursday. Please ensure your child's PE kit is in school for these days. We have still got an awful lot of PE kit and school uniform that is not named - we cannot take responsibility for unnamed clothing, so it is essential that all school uniform is labelled clearly with your child's name.

And finally, ask any of the team if you would like any further advice on supporting learning at home, we are all very happy to help.

**Thanks in advance for your continued support,
The Foundation Stage Team**

**Summer Term
Foundation Stage 2
Our main question this term is:**

**What happened before I was
born?**
