

# CORSHAM REGIS PRIMARY ACADEMY

## Together Everyone Achieves More

Dear Parents and Carers

Firstly, I wanted to thank you all on your level of communication and feedback during this on-going situation. The children in and out of school are thriving from your efforts to engage them. Do keep up the fantastic work – you're doing a great job!

Secondly, I am writing to inform you that Corsham Regis will be open throughout the Easter period to those of you whom we have agreed key worker status with. However, we shall be closed on Good Friday and Easter Monday, as well as over the weekend.

With regards to teachers' planning for pupils in the next few weeks, we have agreed that home learning will not be set for families over the Easter period. Technically this starts tomorrow as the Easter break was due to start today. I know that some teachers have planned activities for Friday but not everyone has so there maybe some inconsistency here.

Some families have asked for an activity each day as a focus for something to do over Easter and maintain some routine. To help you in this, Mrs Symons and Mrs Stone have created a list of simple activities which are Spring / Easter based which you can do on each day over Easter should you wish. I will post this on Seesaw later.

For those children attending school during this time, they will also not be set any home learning. They will experience a range of creative and physical activities instead. If they do attend during the Easter break, unfortunately we cannot provide them with a lunch because the kitchen will not be open. This will have to be provided from home.

If you have any questions, please contact the main office which is now open until 12:15pm only.

Thank you again for all your help in making this work.

Mr Gareth Spicer, Headteacher.

**TEAM PINK continues to be very impressed with all the learning taking place, both in and out of school. Unfortunately, we cannot share all the photos you have sent in but here are a few. Keep them coming!**
