

Promoting Fundamental British Values as Part of SMSC in Schools, pupils should have understanding and knowledge that includes:

- How citizens can influence decision-making through the **democratic** process.
- An appreciation that living under the **rule of law** protects individual citizens and is essential for their wellbeing and safety.
- An understanding that there is a separation of power between the executive and the judiciary, and that while some public bodies such as the police and the army can be held to account through **Parliament**, others such as the **courts** maintain independence.
- An understanding that the **freedom to choose** and hold other **faiths and beliefs is protected in law**.
- An **acceptance that other people have different faiths or beliefs to oneself** (or having none) should be **accepted and tolerated**, and should not be the cause of prejudicial or **discriminatory behaviour**.
- An understanding of the importance of identifying and combatting **discrimination**.
