An Arctic journey

Can you continue the story? What might be lurking under the ice? Do they reach their destination? Can you remember some of the details from 'Pugs of the Frozen North' to help you finish the story?

Story starter!

The journey had gone well so far. The huskies barked encouragement to each other, pulling together, straining against the weight behind them. The edge of the lake was in sight, one hundred metres away. He muttered a prayer to himself, begging for the ice to take the weight of the sled. Ninety metres. He shivered as the icy wind whipped against his red-raw cheeks and snow-encrusted beard. Eighty metres. They would reach the land soon.

It was then that he heard it. CRACK...The sled shuddered. Seventy metres.

CRACK... He could see the water through the ice. CRACK... The ground beneath him started to shatter...

Can you continue the story of the journey across the Arctic? Will the team make it across the lake?

Can you remember to take care with your presentation and join your letters.
