

School Closure Daily Planning- Week 3 Amethyst Class

Date	Reading	Writing	Mathematics	Topic
<p>Thursday 21.01.21</p>	<p>Answer the following question: What impression is the reader given about the character of Jimmy in the opening chapter? Explain two features of his character using evidence from the text to support your answer. Remember, this question is about what you have inferred about Jimmy through his thoughts, actions and feelings, Give evidence by using phrases such as 'I know this because...' or 'this is obvious when...'</p>	<p>So today it is time for editing your writing and making any improvements. Have you included all the basic punctuation CAPS, "" !? Have you spelt homophones correctly (there/their/they're/see/sea/hear/here/your/you're)? Can you include relative clauses and conjunctions? When you are happy with your editing, copy up a best version. You could add illustrations if you want.</p>	<p>Using what you now know about perimeter, using a tape measure work out the perimeter of the rooms in your house. If it isn't raining and you have a garden you could do that too. If you don't have a tape measure then you can pace it out instead, just make sure you count your steps carefully.</p>	<p><u>WALT: compare how things move on different surfaces.</u> Go through the information on the slides, answering the questions as you go. Then complete the experiment, using resources from around your house. Assuming you don't have a forcemeter at home (!) just use your hand to pull the object (you might need to attach it to string or a paperclip - use the same thing for every object). Print the sheet if you want/can, or use the headings to write up the experiment in your books.</p>
