

Monday 18th January

Make your own wind wishes

In the story of 'The Bear who stole the Chinook', the villagers prayed for the chinook to arrive. Can you make your own flags with messages and wishes for the wind to catch and carry far and wide?

You will need:

1. Card or fabric –any shape
2. Colouring pens
3. Writing tools

Write your own messages for family and friends. They could be:

- A thank you
- A get well wish
- Hopes for the future
- A wish to come true

Write your wish and illustrate it. Find a place outside, secure your flag with wool or string and wait for the wind to carry your message.
