

Friday 8<sup>th</sup> December 2021

What a start to the year it has been... **Happy New Year Everyone!**

As we are coming to the end of our first few days in lockdown I want to thank everyone in Team Regis (parents, carers, staff ...) for all that you are doing, continuing to provide education, care and safety for the young people of Regis, in the most difficult of times. It is not easy, and we are here for support whenever you need it- just get in touch via the school office.

**CONGRATULATIONS AND WELL DONE to all the children who are working so very hard both in and out of school- we are so very proud of each and every one of you!**

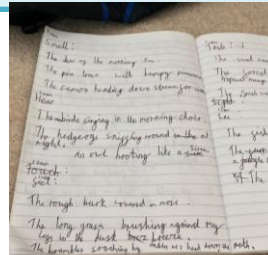

Wishing you and your families a lovely weekend

Mrs Abby Symons

## Continuing to celebrate the wonderful work of our pupils at Regis...

Isaac was chosen by Mrs Tremellen this week for his amazing menu for Mr Wobbles Café!

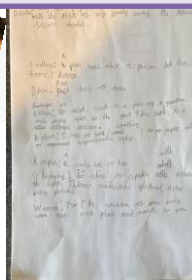

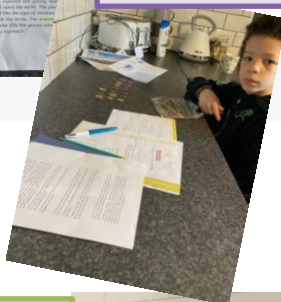

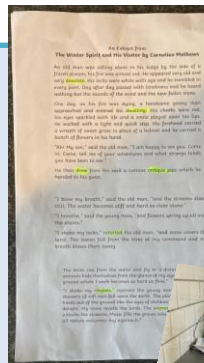

Garnet Class-This goes to Kyrell who has been really busy with his learning. He has been working hard with his home learning and I was really pleased with how he challenged himself with the words highlighted from our reading text 'The Winter Spirit'.

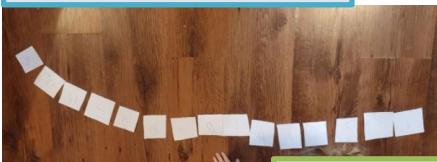

Ben is worker of the week from Amethyst Class, he wrote a fabulous description of the woods, making great word choices and using similes and has also made some great 3D models...well done Ben!

James has been chosen by Mrs Bagnell and Mrs Wicheard for his excellent start to home learning, sending in lots of pictures of his writing, maths, topic and artwork and for his neatly joined handwriting!

**Worker of the week in Crystal Class is Rhian.** I have chosen Rhian because through her work this week she has shown determination and creativity. As the class teacher I get to enjoy all of the learning sent into me via Seesaw but I'm aware that you are only seeing what you complete. Rhian was concerned that she hadn't done enough but every day I have been blown away by her work.

Remi has stood out in Jade class this week as she has completed all online learning set and even taught herself to read. Well done Remi!
