Complete the part-part-whole picture by adding the missing number.

- Can you find where Uncle Matthew lives? (It is in the Hermit's hut on the West of the island.)
- Can you find where Granny lives? (It is on the East of the island.)

What was the weather like on the night of the storm, at Uncle Matthew's house? I don't think it was the same at Granny's house. Try to use the words West and East in your weather forecast. Watch my video, for my weather forecast for the

				island on a hot summer's day.
