From the 78 parents that took part in this survey the evidence suggests that the largest majority are happy about how their child is progressing at Regis and with the way in which the school is run.

There is an increase to 100% on questions 3, 5, 7, 9, 11 and 12 compared with the same survey conducted in 2019.

Following the response to questions 6, the senior leadership team will be looking at the homework provision at school. Current provision is clearly laid out in the homework information given to all parents when their child starts school and is available on the schools website.
