### **Conclusions**

From the 65 parents that took part in this survey the evidence suggests that the largest majority are happy about how their child is progressing at Regis and with the way in which the school is run.

There is an increase to 100% on questions 1, 2 compared with the same survey conducted in 2021.

Interestingly despite 2 responses saying that they disagreed to 'the school responds well to concerns that I raise' 100% agreed (72% strongly) that they would recommend Regis to another parent.
