Remember your passions...

Before you became a parent or carer, you may have had hobbies or passions which have fallen by the wayside. Finding time to engage in activities which you enjoy can boost your self-esteem and have

a positive impact on your own wellbeing. Whether its baking, crafting, creative writing, or drawing and painting, there are many activities you can do at home that needn't cost too much and can give you a sense of pride when the activity is complete. Of course, you may prefer to join a choir or local drama group or even just taking time to listen to music that you like rather than what your kids like can prove beneficial

The winning class received ice lollies and sweets and everyone got a treat for taking part- helping to raise money for the school- Thank you everyone.
