Science
Week

We have had a fantastic science week in school this week...the children have been completing challenges and science related activities all week. Each class has learnt about a different scientist and then shared their knowledge during a whole school assembly on Thursday.

The week concluded with our eco day and exciting junk modelling competition run by the Eco-council. Thank you for all the donations of junk to enable this to happen and huge thanks to Mrs Waugh for organising such an exciting and engaging science week at Regis.

UPCOMING EVENTS

Next week...
