 *Mason Class's Wow Day*  For thier Science Topic this term, they are looking at plants and flowers, and Maria Sybille Merian, a 17th-century entomologist, was their inspiration for the day.

 They explored how to sketch flowers and insects in detail and also learnt about the important role pollina-tors play in the life cycle of plants.

 The children then chose their favourite sketch and drew this, using fabric pens, onto a T-shirt.
