

Millward Class
Chatter Topics
Autumn 2

1. We are doing a science topic this term. If you could discover anything, what would it be and why?
2. Ask your family what their favourite sound is.
Would it make a good alarm clock sound?
3. We are reading *George's Marvellous Medicine* this term. Tell your family what has happened so far.
4. Ask them to make some predictions about what will happen to *George* and *Grandma*.
5. One of the things we are learning about in PSHE is good manners. Ask your family what they think is the most important thing to remember in order to be polite.
