

Home learning in Fox

In order to help your child learn, we encourage you to read with your child daily.

This is to practise reading skills, comprehension and reading for pleasure. We would like you to spend time supporting your child by asking them what they are learning about in school and practise counting forwards and backwards to 10.

In addition to this we have some optional home learning linked to our big question this term, which is 'what makes me special?' If you would like to help your child with our topic this term below are some ideas.

- Create a collage of all the things you are good at
- Create a picture of all your new friends at school
 - Create an 'I am special' fact file all about you
 - Decorate a box and fill it with special objects
- Draw a picture and write about what makes you special
 - Try a new activity and document how you got on
- Interview family members about what makes them special.
